**FILM TAX CREDIT – QUARTERLY REPORT**
**CALENDAR YEAR 2024: FIRST QUARTER**
**MARCH 31, 2024**

Empire State Development (ESD) oversees administration of the film production and post-production tax credits.

This report reflects program activity during this quarter. The information presented includes projected spending, hires, and estimated credits for film and post-production projects deemed eligible to participate in the Program, and, pursuant to new reporting requirements, actual spending, hires and credits issued to projects that have been completed and audited.

ESD accepts initial applications on a rolling basis and reviews them when deemed complete. A preliminary eligibility determination is made for all applications that meet the criteria set forth in statute and regulations and applicants are directed to submit a final application once projects are finished. This report reflects new applications submitted during January, February, and March 2024.

Production companies may be eligible to receive a fully refundable base line credit of 30 percent of qualified production costs and post-production costs incurred in New York State. Additional incentives may be available in each of the tax credit Programs and subject to additional requirements.

**INITIAL APPLICATIONS BY TAX CREDIT LEVEL**

The tax credit is claimed pursuant to a three-tiered schedule. Projects issued less than $1 million in credits claim the entire credit in the first year. Projects with credits between $1 million and $5 million claim the credit over two successive years. Projects with credits of $5 million or more claim the credit over three years. Below is a summary of both production and post-production initial applications received this quarter based on the amount of estimated credits.
